The Engineering City Journal

Published by the Engineering Association *Yerevan, June 24, 2026*

The purpose of the Journal is to disseminate knowledge, experience, and best practice in engineering & manufacturing.
The articles are written by practicing professionals in the Engineering City (EC) in Yerevan. They cover issues relevant to their projects, operations, and organizations.
The articles address the challenges of the time. As such, the Journal is also a chronicle of the evolution of the EC, its companies, and its individuals.
It is the aim of the Journal to advance the engineering & manufacturing practice, to enrich the engineering & manufacturing community, and to contribute to the worldwide discourse in engineering & manufacturing.

EC Community Corner

. EC Children Day 2026

If we are building a city,
then it must be for many generations.

. Goals of the Children's Day

We had set the following four main goals:

1. Introducing the children to their parents' workplace – seeing the productive work of their parents,
2. Introducing the children to the Engineering City – making the city their city,
3. Introducing the children to Engineering – getting excited with engineering,
4. Introducing the children and their parents to each other – building friendships with each other.

. Organization Committee

The Children's Day is one of the projects that turns the EC into a community. This is because the organization committee consisted of individuals from different EC organizations, the execution was carried out by many more, and the participation was by all.

Here are the members of the organization committee:

1. Vehanush Khachyan Engineering Plaza

2. Alla Mkrtumyan — National Instruments
3. Andranik Aghajanyan — Project Integration
4. Aram Ghukazyan — YEA Manufacturing
5. Girgor Shirinyan — DigiCore
6. Parandzem Vanoyan — National Instruments
7. Narine Margaryan — Talent Development System
8. Christine Taribyan — Museum of S&T
9. Asadour Asdourian — Engineering Plaza
10. Tigran Hovhannisyan — EIF
11. … — …
